

The last thing we want you to notice...

Specifically designed to complement the aesthetic line of existing windows, these attractive flyscreens are easily fitted and just as easily removed for cleaning.

Ideal for keeping out flying insects during the summer and autumn evenings while the fully translucent mesh allows for good ventilation and almost perfect visibility – In fact, you'll hardly notice them.

APPLICATIONS

Domestic : Conservatories, bedrooms, kitchens, dining rooms, lounges, caravans, etc

Commercial: Cafes, canteens, hospitals, hotels, offices, restaurants, etc
